83. Matters Arising

(a) Mayor's Social Media Post

Councillor Ahmad Bostan noted a social media post by the Mayor regarding recent developments within Kashmir. He felt that the comments could have gone further and highlighted the human rights abuses that he considered were being ignored by the UK government. Councillor Ahmad Bostan confirmed that he would raise these concerns with the Mayor directly, and Tim Martin, Head of Governance and Monitoring Officer, undertook to ensure the Mayor's Office was informed of this.

(b) Member Attendance

Members expressed their disappointment on the meeting being inquorate again and noted that although apologies had been submitted, no substitutes were in attendance with the exception of the Staffordshire non-constituent authorities' representative and Councillor Richard Worrall representing Transport Delivery Committee. The Chair confirmed that she would contact members reminding them of the importance of attending meetings.

(c) Meeting Location

It was noted that the next meeting would be taking place in Coventry, after which a review of meeting locations away from Birmingham would be undertaken to determine the best location for future meetings.

(d) Action Plan

The chair requested that the outstanding action relating to further information on the inputs, outputs and scalability of the Thrive Programme and the evaluation work undertaken be supplied to committee ahead of the Mayor's Question Time event on 9 October 2019.

84. WM5G Update - Presentation

The committee received a presentation from Henry Kippin, Director of Public Service Reform, on WM5G, outlining the developments and delivery of the programme, the objectives and the impact of 5G technology throughout the West Midlands.

The Chair sought clarity on what investments could be considered 'real', secured and guaranteed to materialise. Councillor Richard Brown highlighted the need for this programme to receive political backing and to showcase what 5G could deliver to the region. Members sought further information on the measures and metrics being used to seek the outcomes and achievement of the programme within three years, to which Henry Kippin, Director of Public Service agreed to circulate to members. Councillor Ahmad Bostan sought further information on the projection of the three year programme on jobs created across the region for both the public and private sectors as a result of 5G. The committee were also keen to understand the blockages and barriers to delivery and what local authorities could do to unlocking those. Other concerns raised by committee related to potential health concerns, data security implications and the impact of delivery due to Brexit.

The Chair noted that this update provided the committee with the positives of this programme, and showed that the brokerage/facilitation role being undertaken by WMCA evidenced the benefits at working at the local and regional level.

It was agreed that the appointed Scrutiny Champion would have responsibility for following up on issues raised by members and further progression of the programme would be reported to a future meeting.

It be recommended to the WMCA Board that:

- (1) That the presentation be noted.

85. Overview & Scrutiny Work Programme and Governance

The committee considered a report from Tim Martin, Head of Governance and Monitoring Officer, outlining the appointments of scrutiny champions for 2019/20 and the areas to be considered suitable for undertaking scrutiny reviews.

It was noted that responses from all members were required before the appointments of scrutiny champions could be made. Members were reminded to submit their preferences to Lyndsey Roberts, Scrutiny Officer, as soon as possible.

In addition, responses received from members had identified transport and the Investment Programme as key areas for scrutiny review during the forthcoming year.

It was recommended to the WMCA Board that:

- (1) Councillor Richard Brown be appointed as the Scrutiny Champion for Culture & Digital, to shadow the work of the WMCA's Portfolio Lead and to lead on the work of the Overview & Scrutiny Committee this area.
- (2) Further scrutiny champions be appointed in due course.

This Q&A session would be structured around the committee's three core themes (accountability, connectivity and investment) with questions focusing on the key challenges for the WMCA. The chair hoped that this session would allow for dialogue between members and the Mayor and to then conclude with the consideration of any recommendations to be submitted to the WMCA Board.
